

# Carlene Carter, Goodnight Dallas

(Carlene Carter)

I've tasted the good and the bad  
And too much of what I ain't had  
I been up and down  
And all around this old town  
But nothing's felt better than my feet on the ground  
On the road that leads out of town  
So goodnight Dallas  
Gonna shoot out the lights in that ole silver palace  
I'll drink your wine  
One last time  
Come morning I'll be gone  
Goodnight Dallas  
Ah lee o lay e a lee a o  
I've lived my life at its best  
And too much of all of the rest  
I could love you and leave you  
But never no never deceive you  
So maybe it's better when I leave  
I leave with no lies  
Than leave with no truth  
So goodnight Dallas  
Gonna shoot out the lights in that ole silver palace  
I'll drink your wine  
One last time  
Come morning I'll be gone  
Goodnight Dallas  
Ah lee o lay e a lee a o  
So goodnight Dallas  
Gonna shoot out the lights in that ole silver palace  
I'll drink your wine  
One last time  
Come morning I'll be gone  
Goodnight Dallas  
Ah lee o lay e a lee a o  
Goodnight Dallas  
Ah lee o lay e a lee a o  
Goodnight Dallas  
Ah lee o lay e a lee a o  
Goodnight Dallas  
Ah lee o lay e a lee a o
