Carlene Carter, Goodnight Dallas

(Carlene Carter)

I've tasted the good and the bad

And too much of what I ain't had

I been up and down

And all around this old town

But nothing's felt better than my feet on the ground

On the road that leads out of town

So goodnight Dallas

Gonna shoot out the lights in that ole silver palace

I'll drink your wine

One last time

Come morning I'll be gone

Goodnight Dallas

Ah lee o lay e a lee a o

I've lived my life at its best

And too much of all of the rest

I could love you and leave you

But never no never deceive you

So maybe it's better when I leave

I leave with no lies

Than leave with no truth

So goodnight Dallas

Gonna shoot out the lights in that ole silver palace

I'll drink your wine

One last time

Come morning I'll be gone

Goodnight Dallas

Ah lee o lay e a lee a o

So goodnight Dallas

Gonna shoot out the lights in that ole silver palace

I'll drink your wine

One last time

Come morning I'll be gone

Goodnight Dallas

Ah lee o lay e a lee a o

Goodnight Dallas

Ah lee o lay e a lee a o

Goodnight Dallas

Ah lee o lay e a lee a o

Goodnight Dallas

Ah lee o lay e a lee a o
