HEART TO HEART

(Simon Climie)

If to love you is forbidden  
Then I'll just have to break the rules  
And if our love must be hidden  
Then we'll still be together  
Because Those fools

Won't stop us meeting heart to heart  
Can't stop a beating heart to heart

There's no weapon could deter me  
No I won't stop at anything  
One more threat it wouldn't acre me  
Cos I'm only living for one thing

Won't stop us meeting heart to heart  
Can't stop a beating heart to heart

Together we'll still be with each other  
Forever just waiting for each other  
Together forever

In the morning she awakens  
She breaks down and cry cos her only  
Heart had been taken  
And she rather die than live apart

Won't stop us meeting heart to heart  
Can't stop a beating heart to heart
