

# Carly Binding, Rescue Me

The noose around my throat is gettin' tighter today  
I'm failin' to believe in you  
Demons are created to separate the pages  
I'm falling down, but you know that  
I'm sorry now but it's more than that

*\*Chorus\**

I can't sleep here, you're not all well  
When you're knockin' at my door  
You will waken me  
I can't sleep here, you're not all well  
When you're knockin' at my door  
Will you rescue me  
I'm wearin' down the label you place upon me  
Coverin' my loosened skin  
Stood for nothin' real and I hated to be  
I'm sorry now, but you know that  
Don't worry how cause it's more than that  
I can't sleep here, you're not all well  
When you're knockin' at my door  
You will waken me  
I can't sleep here, you're not all well  
When you're knockin' at my door  
Will you rescue me  
I'm doin' fine now it's arranged  
I see through you  
I'm doin' fine now it's arranged  
I see through, I see through, I see through you

*\*Music\**

I can't sleep here, you're not all well  
When you're knockin' at my door  
You will waken me  
I can't sleep here, you're not all well  
When you're knockin' at my door  
Will you rescue me  
I can't sleep here, I can't sleep here  
Will you rescue me yeah  
I can't sleep here, I can't sleep here  
Will you rescue me  
I can't sleep here, I can't sleep  
Will you rescue me  
I can't sleep here, I can't sleep  
Will you rescue me
