

Carly Rae Jepsen, Too Much

and i bide for you
cause I live for the fire
and the rain
and the drama too, boy
and it feels like you never say
what you want
and it feels like can't get through, babe

cause when I get so low
it takes me higher
(feel the love)
I'm not afraid to know my heart's desire

when I party, I party too much
when I feel it, then I feel it too much
when I am thinking, then I am thinking too much
when I am drinking, then I am drinking too much
I'll do anything to get to the rush
now, I'm dancing, and I'm dancing too much
so be careful if you wanna mistouch
cause if I love you, then I love you too much

is this too, is this too, is this too much?
is this too, is this too, is this too much?

am I too close?
cause you fold into me like a heart whit a beat
I know now, /x
and did you know that I'm that I'm wild for your skin
and the dance that we're skin
so close now /2x

cause when I get so low
it takes me higher
(feel the love)
I'm not afraid to know my heart's desire

when I party, I party too much
when I feel it, then I feel it too much
when I am thinking, then I am thinking too much
when I am drinking, then I am drinking too much
I'll do anything to get to the rush
now, I'm dancing, and I'm dancing too much
so be careful if you wanna mistouch
cause if I love you, then I love you too much

is this too, is this too, is this too much?
is this too, is this too, is this too much?

it's hard to get to know me
are you down-do-down, down-do-down
trust the /2x
feeling
it's hard to get to know me
but I'm down-do-down, down-do-down

when I party, I party too much
when I feel it, then I feel it too much
when I am thinking, then I am thinking too much
when I am drinking, then I am drinking too much
I'll do anything to get to the rush
now, I'm dancing, and I'm dancing too much
so be careful if you wanna mistouch
cause if I love you, then I love you too much

is this too, is this too, is this too much?
is this too, is this too, is this too much?
