

Carly Simon, Damn, You Get To Me

(Carly Simon)

Hey, when I say things that bother you
Don't be a stubborn man
Don't leave me in the cold
Remember who I am
Damn, you get to me
When I can't get to you,
No fair, you're silent and you're hurt
And all I want to do
Is know what I've done wrong
All I want to know is what to do
Damn, you get to me
When I can't get to you
There's too much long distance
In our love
And tonight I need you
Don't run away, please let me know
How I've hurt you
Hey, it's me, see I'm the lucky one
You've opened up my heart
You led me by the hand
You took me slow so I would understand
Damn, you got to me
Let me get to you
