

# Carly Simon, Hola Soleil

Free my eyes  
Fill the skies  
We've been dancing in your absence

Da da da  
Morning, hola, soleil  
We've kept the darkness light  
Dancing for the sun  
To come back and rise up shining

Welcome home  
Mother sun  
Children reaching up like flowers

Da da da...  
Morning, hola, soleil  
We made it through the night  
Knowing you'd return  
To bless us with another morning

Baking sand, shining sea  
Turning world  
Dissolving shadows

Da da da...  
Morning, hola, soleil  
Behold the warmth of day  
Rising near the shore  
Hear the music start up playing
