

# Carly Simon, One More Time

(Carly Simon)

[Chorus:]

One more time  
Play it again before you put your guitar down  
My darlin', one more time  
Now that you got me dreamin'  
About the good times.

&quot;Come on girl&quot;  
You said to me, &quot;Let's fly away  
Follow me wherever I will go  
And we won't worry about tomorrow&quot;

[Chorus]

So things go  
And so you left, and we drifted apart  
Sorrow came, built in my heart a home  
And now I'm thinking about tomorrow.

[Chorus]
