

Carly Simon, Tranquillo (Melt My Heart)

(Carly Simon/James Taylor/Arif Mardin)

Tranquillo, got to get you into bed now
Just a little boy in the body of a dream
Can't stay up and won't go to sleep
What does it mean -

Tranquillo, no other way to go now
'Cause you need a lot of bass & drums for your rockabye
Just a lullaby for a wide-eyed guy
This charm of yours, better put it on hold
Put it on hold, put it on hold because you...

Melt my heart, why don't you
Melt my heart
Melt my heart, tranquillo
Melt my heart

Tranquillo, I wanted to go out dancin'
But you got me dancin' round and round
Your momma's never gonna get to town
These plans of mine better put 'em on hold
Put 'em on hold, put 'em on hold because you

Melt my heart, why don't you
Melt my heart
Melt my heart, tranquillo
Melt my heart
