

# Carman, Fear Not My Child

In myself I failed the Lord  
Then was afraid to try once more  
That fire in my soul had fled  
That's when Jesus came and said

My spirit, gives the strength you need  
to raise you up and to succeed  
and for vision in the night  
to you I'll give these words of light

fear not my child  
Im with you always  
I feel every pain  
and every tear I see

Fear not my child  
Im with you always  
I know how to care  
for what belongs to me

He said my child dont look behind  
Discouragement is all you'll find  
dont watch the waves that roll the sea  
just focus your eyes on me

And I will make you strong and then  
your shattered courage I will mend  
and if you fall and should get hurt  
remember these eternal words

fear not my child  
Im with you always  
I feel every pain  
and every tear I see

Fear not my child  
Im with you always  
I know how to care  
for what belongs to me

I know how to care  
for what  
belongs to me
