

Carola, With Every Beat Of My Heart

The rain is falling, I hear the ricochet
All streets are empty, so cold and grey
The sound of nothing, why do you say
That we are different, like night and day

Hey, boy if you could only see
that I won't give up easily

With every beat of my heart
I'll back it up to win your love, oh I'll be there
With every beat of my heart
You are the one, I won't let go, oh, I'll be there
With every beat of my heart

A sunday morning, a sleepy town
You got me thinking of you all the time
(oh I believe in) Oh I believe in
So much more
The love I'm feeling is worth living for

Bridge

Chorus

So help me Lord, I'm giving it all I can
I'm a woman and you're my man
I'm getting up, oh please don't put me down
The tears I've cries, God knows I've tried
To make a brand new start
With every beat of my heart

Chorus
