

# Carole King, Love Makes The World

There was trouble in my mind tonight  
Somethin' inside didn't feel quite right  
Then I saw your face in the moonlight  
And I was right beside U

Don't need words that we useta use  
It goes deeper than the words we choose  
Can't lose - I wanna spread the news  
U got love inside U

Some days it's hard to know what you're feelin'  
I've been down that road before

I can't stop believing  
Love makes the world go 'round  
As long as you're a part of me  
Nothin's gonna take me down, oh  
Yeah

Last winter when the snowfall hit  
Cold city - it was hard to commit  
You were out there lookin' for the perfect fit  
And I was right beside U

Nothin' real comes overnight  
U weren't sure if it felt right  
But sometimes a love can move your life  
If U let it guide U

Baby, U got to take love where you can find it  
Just walk right through that door

I can't stop believing  
Love makes the world go 'round  
As long as I'm a part of U  
Nothin's gonna take U down, oh
