

Carolina Liar, Beautiful World

[ENG]

Lyrics to Beautiful World :

Here it comes in the morning

Im just trying to forget

Keep it real, keep it simple

And somehow just get out of bed

And this city is endless

Im as cold as its stone

Yeah this city is endless

And Im, Im walking alone

CHORUS

Sunlight creeps in between the curtains

Lose the sheets theres no time for sleep

I lie, I pretend til Im almost certain

Its a beautiful world

I wanna ask for direction

But I dont dare to disturb

I got a thing with affections

Yeah, thats why Im walking alone

CHORUS

Sunlight creeps in between the curtains

Lose the sheets theres no time for sleep

I lie, I pretend til Im almost certain

Its a beautiful world

Here it comes in the morning

CHORUS

Sunlight creeps in between the curtains

Lose the sheets theres no time for sleep

I lie, I pretend til Im almost certain

Its a beautiful world

(Yeah, its a beautiful world)

la la la la

I pretend til Im almost certain

Its a beautiful world
