

Caroline Lost, To be with you

Wanted you
To take me as I am
Through and through
It's love me if you can
Could you hold me
Know me, show me you care
Then i'd go anywhere
To be with you
I'd go anywhere
To be with you
You and I
So pretty in disguise
Tell me lies
And I will shut my eyes
If you hold me
Know me, show me you care
Then I'd go anywhere
I'd go everywhere
To be with you
To be with you
