

Carpathian Forest, Shut Up, There's No Excuse To

Come chaos, come death
Like a wolf, he is the hunter
Like an owl, belongs to the night
Like a serpent, his bite is deadly
Like a cunt, waiting to be fucked
waiting to be fucked
like a cunt waiting to be fucked
Like a blade, it makes you bleed
Like a bullet, it's meant to kill.
Like a war, he is majestic
Like a metal, I will stand, stand supreme.
I stand supreme!
Like a metal I stand supreme.
