

# Carrie Underwood, More Boys I Meet

This boy here wants to move too fast  
He sees my future as having a past  
Well, I don't think so  
I don't think so  
That boy there, well he's playing a fool  
He thinks he's funny and he thinks he's cool  
Well I don't think so  
I don't think so  
Cheap date, bad taste, another night gone to waste  
Talking about nothing in so many words  
It's not like I'm not trying  
'Cause I'll give anyone a shot once  
And, I , I close my eyes  
And, I kiss that frog  
Each time finding  
The more boys I meet the more I love my dog  
Here's this guy, thinks he's bad to the bone  
He wants to pick me up and take me home  
Well, I don't think so  
I don't think so  
Cage fights, PlayStation, X-Games, raider nation  
Oversize pants with an ego to match  
It's not like I'm not trying  
'Cause I'll give anyone a shot once  
And, I , I close my eyes  
And, I kiss that frog  
Each time finding  
The more boys I meet the more I love my dog  
Why can't they be like the one's that mean everything to me  
The warm and loyal, open and friendly  
It's not like I'm not trying  
'Cause I'll give anyone a shot once  
I close my eyes  
And, I kiss that frog  
Each time finding  
The more boys I meet the more I love my  
I close my eyes  
And, I kiss that frog  
Each time finding  
The more boys I meet the more I love my dog  
The more I love my dog
