

# Carrie Underwood, You Won't Find This

Did you check the tires, put gas in the car?  
Don't think you'll need too much,  
Cause you ain't gonna get that far  
Did you pack the good times?  
Don't forget a map  
Just incase the route you take isn't there to take you back

You can hold any girl that you like  
Fall in love when it's easy at night  
But you wake up wondering why  
She ain't ever something better  
When you're lost, and you've run out of road  
Find what I already know  
In the end close is all there is  
But you won't find this no you won't find this

There's once in a lifetime  
And there's once in a while  
And the difference between the two  
Is about a million miles  
Oh you might get lucky  
While the moon is looking on  
But in the truth of the morning  
The stars will be long gone

You can hold any girl that you like  
Fall in love when it's easy at night  
But you wake up wondering why  
She ain't ever something better  
When you're lost and you've run out of road  
Find what I already know  
In the end close is all there is  
But you won't find this no you won't find this

You can hold any girl that you like  
Fall in love when it's easy at night  
But you wake up wondering why  
She ain't ever something better  
When you're lost, and you've run out of road  
Find what I already know  
In the end close is all there is,  
oh in the end it's me you're gonna miss  
cause you won't find this, oh you won't find this
