

Carter Twins, Heart Like Memphis

She's got a heart
She's got a heart
Like Memphis
She's Georgia Honeysuckle sweet
Smiles at strangers on the street
Remembers everybody's name
Calls her momma every day
Got the look
Got the friends
Gives the world
All her mess
But she hides
All the rest
She's got a smile like California
She's got a spirit like New Orleans
Eyes like the lights of New York City, yeah
Cool as a Carolina breeze
But underneath
But underneath
She's got a heart like Memphis
She sleeps with the TV on
Wakes up dreamin he came home
Won't lay on his side of the bed
Too many memories in her head
No one knows
When she cries alone,
In the night
They just think
She's alright, cause
She's got a smile like California
She's got a spirit like New Orleans
Eyes like the lights of New York City, yeah
Cool as a Carolina breeze
But underneath
But underneath
She's got a heart like Memphis
Oh yeah
She puts on
She puts on
A new dress
A new dress
She goes out
She turns all the boy's heads
That's as close
That's as close as they get
As they're ever gonna get
She's got a smile like California
She's got a spirit like New Orleans
Eyes like the lights of New York City, yeah
Cool as a Carolina breeze
But underneath
But underneath
She's got a heart like Memphis
She's got a heart like Memphis
