

# Cary Brothers, Ride

You are everything I wanted  
The scars of all I'll ever know

If I told you you were right  
Would you take my hand tonight?  
If I told you the reasons why  
Would you leave your life and ride?  
And ride

You saw all my pieces broken  
This darkness that I could never show

If I told you you were right  
Would you take my hand tonight?  
If I told you the reasons why  
Would you leave your life and ride?  
And ride
