Hay baby, do me a favor
Won't you come back home
Sorry things ain;t working out for you and that nigga
Girl I'm tired of talking to you now, about you and that nigga
Hate that I keep thinking outloud
About you and that nigga
You just need to stay with him
I ain;t making plans with him
I know you still lay with him

Know you stay complain /2x You just need to stay with him I know you still lay with him\ And I Know you stay complain /2x

Girl I'm tired of talking to you now, about you and that nigga Sorry things ain;t working out for you and that nigga

Sorry things ain;t working out for you and that nigga Keep on asking me why you should do with that nigga Thought you was in love now I wanna know Now you pulling up Telling me you're going through it Go figure, shoulda Stay down, with the real one Say you fucked up Though love how you feel now? Call me line late night, tryna visit Now baby, are you finished? Make you mind up

Make your bed, gotta lay up in it
Ain;t got no time tio play around
And you keep playing with it
I treat a script just like a brick
N'nake it flip
I sued to trip

Ain;t working out for you and that nigga

Girl I'm tired of talking to you now, about you and that nigga Sorry things ain;t working out for you and that nigga

Sorry things ain;t working out for you and that nigga Keep on asking me why you should do with that nigga Thought you was in love now I wanna know Now you pulling up Telling me you're going through it Go figure, shoulda Stay down, with the real one Say you fucked up Though love how you feel now? Call me line late night, tryna visit Now baby, are you finished? Make you mind up
