

Cass, Little Bird

Back, safe, in the arms of fate, I guess I lost my way
Forgetting voices, and leaving them to yesterday
Back, safe, in your arms today, like Ive never been away
I made my choices, Ill place my heart in your hands again
Back, safe, and its not too late, I guess I made mistakes
One hundred horses, they couldnt drag my love away
Back, safe, in your arms today, like Ive never been away
I made my choices, Ill place my heart in your hands again

[x2]

Ill place my heart in your hands again
I love the way the little bird just sings and flies
I love the way I feel with you by my side
I love the way the I see the sun up in the sky
I love the way I feel with you by my side

[x2]

I love the way the little bird just sings and flies
I love the way I feel with you by my side
I love the way the I feel the whirlpool rushing by
I love the way I feel with you by my side
