

# Cassie, Don't Go Too Slow

Don't, don't go too slow  
I like it when you go real hard  
Don't go too slow

Hoo Whoa  
I've waited for this since I saw you  
Now it's finally that time  
To explore the way I really feel about you  
You got me weak in my knees, hoo whoa  
Even like I can't believe, ha ah  
So if you want it come get it from me don't waste my time  
Listen when my body talks

Ooh boy I'm waitin' on you to put your lovin' on me  
So hurry while the night's still young  
And I promise that you will be, satisfied (satisfied)

Don't, don't go too slow  
I like it when you go real hard  
Don't go too slow (2x)

Hoo Whoa  
Can't you give me somethin' better?  
Somethin' that I ain't seen yet?  
Somethin' that can take my breath a, take my breath a, take my breath away  
Hoo Whoa  
What can keep me goin' babe  
Ha ah  
Cause if you can't I know somebody who can do it my way (my way)  
Who can listen to what my body says

Ooh boy I'm waitin for you to put your lovin' on me  
On me so hurry while the night is still young  
And I promise that you will be, promise you'll be satisfied (satisfied)  
So don't

Don't, don't go too slow  
I like it when you go real hard  
Don't go too slow (2x)

I'm warning you, don't go so slow  
I'm warning you  
I'm warning you, don't go so slow  
I'm warning you

Don't, don't go too slow  
I like it when you go real hard  
Don't go too slow (2x)

I'm warning you, don't go so slow  
I'm warning you  
I'm warning you, don't go so slow  
I'm warning you
