

Cassie, Music In Me

you say you understand
and you act like you
can comprehend me
you know its hard for me
but you know i can't believe
i want for you to see
i want you to wake up
coz this is all me
I'm who i wanna be
thats why i can't believe
you make me just wanna scream oh
don't ever try to get in between oh
i want you and the world to see
this is the music in me
this is the music in me
this is me
you make me just wanna scream oh
don't ever try to get in between oh
i want you and the world to see
this is the music in me
this is the music in me
this is me
I'm not changing for no one
there's music in me
see it's deep it's in my soul
it's everything I know
and i won't let it go oh
i need you to be strong
i need you to be there
from the start of the song
but still the things you say
can make me turn away
you make me just wanna scream oh
don't ever try to get in between oh
i want you and the world to see
this is the music in me
this is the music in me
this is me
you make me just wanna scream oh
don't ever try to get in between oh
i want you and the world to see
this is the music in me
this is the music in me
this is me
