

Cassius, Go Up (ft. Cat Power, Pharrell Williams)

Everybody, Everybody
Everybody, Everybody
Everybody close your eyes
A sins go up
Everybody go up

I remember to leave a key
I remember singing that song
Don't you remember when you were young
Don't you remember when you were single and alone

Everybody, Everybody
Everybody, Everybody
Everybody close your eyes
A sins go up
Break it down!

I don't remember all that fun
I remember we were on the run
Do you remember where we belong?
Don't you remember when you were single and alone
Mamamamam Maria

Everybody, Everybody
Everybody, Everybody
Everybody close your eyes
A sins go up

I don't know what you're looking for
What you're wanting, you're welcome with us?
Traveling at the speed of mind, doing as I thought we delated
We under the stratosphere you just want to go up
Like a balloon filled with helium,
