Cast, Magic Hour

Take a good look In your own time See the world laugh Through a child's eyes (Chorus) Sunshine, shine until you're mine It's just a magic hour Just a magic hour Such a magic hour Now I know we can drift away now If only we find a way out Now I know we can drift away now If only to find a way out, out, out Take a good look In your own time See the world turn Through your own eyes (Repeat Chorus) Now I know we can drift away now If only we find a way out Now I know we can drift away now If only we find a way out, out, out (Repeat Chorus) Now I know we can drift away now If only we find a way out Now I know we can drift away now If only to find a way out Now I know we can drift away now If only we find a way out Now I know we can drift away now If only we find a way out, out, out Out, out, out
