

Casting Crowns, I Know You're There

If all I had was one last breath
I'd spend it just to sing Your praise
Just to say Your name
If all I had was one last prayer
I'd pray it 'cause I know You're always listening
If I could live a thousand lives, bind the hands of time
I would spend every moment by Your side
'cause I, I know You're there, I know You see me
You're the air I breathe
You are the ground beneath me
I know You're there, I know You hear me
I can find You anywhere
If all I had was one more song to sing
I would raise my voice to make the heavens ring
If all I had was one last chance, I'd take it
I would stake it all on You
If I could raise up high and catch a glimpse of every eye
I would make them believe
What I feel inside
If I could live a thousand lives and bind the hands of time
If I could rise up high and catch a glimpse of every eye
I know You're there
I know You're there
I know You're there, You're there
