

# Casualties, Stand Against Them All

Behind the song you love  
There's a story you won't forget  
I'm like a flag in an open space  
I can sense the wind ahead  
I'm a difficult person  
Life has made me so  
When trouble comes around  
I will never run  
I STAND FOR YOU, YOU STAND FOR ME  
TOGETHER WE STAND AGAINST THEM ALL  
We are like an outfit  
That's getting thin and bleached  
But we can last forever  
Compare to those I've seen  
And I can see the storm  
I am the troubled sea  
The gale is on our bow  
But we won't turn away  
I STAND FOR YOU, YOU STAND FOR ME  
TOGETHER WE STAND AGAINST THEM ALL  
Destructive nature we have  
But grew more aware  
And trust me, we won't stumble  
Believe me, we won't fall  
Who's gonna stand in the crossfire  
When trouble comes ahead?  
The harder they attack us  
The harder they will fall!  
If trouble comes along  
Don't worry about that  
When trouble comes to attack  
We will fight them back  
We'll counterattack  
If trouble won't get back  
We will drive them back  
I STAND FOR YOU, YOU STAND FOR ME  
TOGETHER WE STAND AGAINST THEM ALL
