

# Cat Power, Lost someone

I lost someone  
A million to one  
Ten thousand people  
Under my false  
Someone, the one, my one  
The only one  
That's the someone  
The someone  
The only one  
That's the someone  
That I lost  
He's nothing but a stranger  
Come on home to me  
I'm so weak on my knees  
Help me, help me please  
Please, please  
Good God Almighty I love you  
I lost someone  
One trillion to one  
A million people  
Under the big old sun I see  
My one on the street  
Looking like a bomb  
That's my one  
That's my someone  
He's the one  
He's  
Help that one  
He's nothing but a stranger  
Bring on home to me  
He's so weak on both his bended knees  
Can you help me, help me please  
Gee whiz, I miss the one that I need  
I lost someone
