

# Cat Stevens, Honeyman

(Cat Stevens, Elton John)

I want to be your honey man  
I want to be, I want to be your honey man  
To wash your clothes and hold your hand  
I want to be, I want to be your honey man

You've got a lot  
But all of your money and stuff  
Just isn't enough to buy what I can give  
When things get rough  
And all of your friendliest friends  
Are turning to dust

We will live \_\_\_\_\_  
You know I'll give you the world  
I'll sacrifice girl anything  
I'll do it all on my own, believe me
