

Cat Stevens, Monad's Anthem

One is the ever blazing star
Sword of the immortal world
And highest light
Yes, this is our star.

Out star is ever rising
Borm of the eternal lamp
And holy fire

Mighty burning mountain
The everlasting love of one is
One is one is one is one is one is
One is the ever kindling star
King of the immortal spark
In heaven's eye
Yes, this is our star.
Yes, this is our star.
Our star Our star.
