

Catatonia, Is Everybody Here On Drugs

She takes her happy pills
They keep her happy
Is everybody here on drugs?

Mad cows like bumble bees
With chemistry degrees
Is everybody here on drugs?
Here on drugs
Here on drugs

The ? berlords did stop the flow
No snow, no show, bad scene
The ? berlords when they see fit
Will give our lives new meaning

Spin doctor aim for free
Lest we speak honestly

Is everybody here on drugs?
Here on drugs
Here on drugs

The ? berlords did stop the flow
No snow, no show, bad scene
Uppers, downers you
Don't hang around us
We'll give our lives no meaning

Don't need your poison,
Me, I'll dig the melancholy
Is everybody here...

Uppers, downers you
Don't hang around us
We'll give our lives no meaning
