

# Catch 22, Awaken

[ chorus ]

Awaken inside the crystal dream  
Transcending across the velvet scream

[ verse 1 ]

I can sense a rebirth  
New world awaits  
Never ending nightmare  
Is now wide awake  
Darkness consumes the light  
Sick sense of pain  
I can see it coming  
Let the madness reign

[ chorus ]

[ bridge ]&lt;/i>&gt;  
Underneath the crimson sky  
Burning  
Watching closely at the tides  
Turning  
Underneath the crimson sky  
One day soon we shall arise

[ chorus ]

[ verse 2 ]

I can see forever  
So raise your voices high  
The fire burns on and on  
The dream never dies  
Legions carry on the fight  
The new world machine  
All guns blazing at you  
Madness reigns supreme
