

Catch 22, Wine Stained Lips

You said you would always be there for me,
You said you'd always be in my life,
Now you're chasing dragons instead.
They told me I was chasing the moon.
I should have listened up, I'm a fool.
A fool tangled up in your web.

Chorus:

All for the taste of some wine stained lips
Two hundred miles just to get my fix.
This shouldn't be, you're bringing me down and I need to get some sleep.
Nine miles to happiness. I know because I've been there before.
Nine miles to happiness. I got something to live for.

Please tell me old friend,
Did you find what you were looking for?
I would like to tell you I'm so happy without you I could die

Chorus

It seems that I can't count all the roads that I've been down.
It seems that I can't count all the towns that I've drowned in and burned to the ground
Oh what a find when I found this place
So full of style and second hand love so incredibly cheap.
I stayed for nine months and I stayed for nine weeks.

Nine miles to happiness. I know because I've been there before.
Nine miles to happiness. I got something to live for.
