

# Catedral, In The Neighborhood

The boy who walks in the empty street  
His life is a desert  
The boy who walks to the precipice  
Nobody care, he&#039;s alone  
They don&#039;t see, him all is gone  
The boy speaks about his life  
What happens inside him  
The boy speaks about his Wo&#039;ll  
What happens around him  
Nobody care, he&#039;s alone  
They don&#039;t see him, all is gone

In the neighborhood  
He is alone  
In the neighborhood  
There&#039;s some body alone
