

# Catherine MacLellan, House Of Love

Where can this go when we are both undecided  
Running around in the dark we can't hide it  
So far to go but we are standing beside it  
The house of love  
Sometimes I feel like we are both here together  
Happy to be but then a change in the weather  
Let's get inside where we both can feel better  
In this house of love  
I guess things aren't nearly as bad as they seem to be  
I'm just thinking too much and you always seem to be  
working  
Let's try to work things out before we let it fall  
I just get so scared we're going to lose it all  
I want to stay with you here in the country  
Weeding the garden and drinking our tea  
Waking each morning with you looking at me  
In this house of love  
I feel us both hiding here in each other  
Sense of security and a good cover  
Can we break free without the need to suffer  
In this house of love?  
I guess things aren't nearly as bad as they seem to be  
I'm just thinking too much and you always seem to be  
working  
Let's try to work things out before we let it fall  
I just get so scared we're going to lose it all
