Catherine Poulos  
Catherine  
Whatever

I won't talk to you, not now, not ever.  
Don't get in my way, I'm comin' through.  
Now everything's a blur to you.

[Chorus x2]

I've been crying for too long,  
It's amazing, I'm all wrong  
I'm fallin' asleep, everything's gone,  
And I don't understand!

[Chorus x2]

All the times you talk to me, I start to tremble when I speak, My hands are shakin' my mind goes blank
