

Catherine Wheel, Mouthful Of Air

Deeper and deeper I go
Your hearts drowning I know
All my intentions are clear
I need to rescue my dear

So I dive, don't despair
Coming down, with a mouth full of air
To share

To swim with the shell fish
I wish
Suck with the sea queen
I wish
Mussels and coral are here
I need to rescue my dear

So I dive, don't despair
In the clear, just to see that I care
Coming down, with a mouth full of air
To share

I'll feed you much better
