

Cathy Dennis, We've Got To Fight

Oy
Wooh
Let's get it get it together
Oh oh oh oh
Let's get it get it together
Somethings hit me lately
I feel this inspiration
When you're near me baby
I feel a sweet sensation
Baby it's so right
The time is arriving
Baby it's so right
We can make it real
Baby it's so right
Alive and surviving
Is not what living should be
We've got to make them believe
We've got to fight
For what's right in this world
Now honey we've got to shout
Sing it out make it heard
Life is much too special
To hover in depression
We've got to come together
We've got to find salvation
Baby it's so right
The time is arriving
Baby it's so right
We can make it real
Baby it's so right
Alive and surviving
Is not what living should be
We've got to make them believe
We've got to fight
For what's right in this world
Now honey we've got to shout
Sing it out make it heard
Let's get it get it together
Oh oh oh oh
Let's get it get it together
Ooh ooh ooh ooh ooh
Let's get it get it together
Oh oh oh oh
Let's get it get it together
Wooh
Yeah yeah
C'mon baby take me higher
I know yeah yeah
Don't you know
Baby it's so right
The time is arriving
Baby it's so right
We can make it real
Baby it's so right
Alive and surviving
Is not what living should be
We've got to make them believe
We've got to fight
For what's right in this world
Now honey we've got to shout
Sing it out make it heard
We've got to fight
For what's right in this world
Now honey we've got to shout

Sing it out make it heard
We've got to fight
For what's right in this world
Now honey we've got to shout
Sing it out make it heard
