

# Catie Curtis, Don't Lay Down

Don't lay down if you're gonna fall asleep  
Don't lay down if you're gonna lose me  
I'm with you pulling for a miracle  
I'm with you pulling for a cure  
I know that isn't what they're giving you  
But I'm with you taking some more so  
Don't lay down  
Don't give up gently  
Don't give in to what they say will be  
I'm not ready to lose you  
I'm not ready to see  
Your light shining on the ocean  
Your love swimming in the sea so  
Don't lay down  
Let's go down and watch another night fall  
Someday darkness is gonna find us all  
But don't lay down  
Don't lay down  
Don't lay down
