

# Cauterize, Choke

There's nothing that I can say  
To make you want to stay here with me forever  
There's nothing that I can do  
To make you want me like I need you to, I need you to  
Just give me one last chance to say this  
Just give me one last chance to say  
What's on my mind and I will get it right  
If I could only get my head above the water for a moment of your time  
But you seem so strong  
And I can't hold my breath for long  
Have you ever tried to scream under water?  
You'll choke  
You said I always sang too loud to sing you a love song  
Well, I save my soft voice for the things I really mean  
You always said I had a hard time saying what's on my mind  
Well, here it goes, I hate you for what you've done to me  
When the last word's been said and the last tear's been shed  
I will miss you, miss you, my friend  
And I can't tell you lies  
Even after all these years I still cry
