

# Cavalera Conspiracy, Infilkted

Born from dust  
In the gutters of this earth  
Maggots and leppers  
Is this hell or ist his heaven?  
The cursed, the damned  
Spreading hate across the land  
No more pretending  
Destroy your seeds of envy

Unleash the wicked  
This hate is self-inflicted  
Deliver this torment  
Upon your final judgement  
Follow the storm  
In the land of no return  
It's you, the scum  
We'll kill until it's done

Inflicted  
Show no mercy  
Muthafuckin' wicked

Falling and burning  
Execution now is coming  
Corruption is the sign  
And destruction of you lies

Inflicted  
Show no mercy  
Muthafuckin' wicked

Nobody moves, nobody gets hurt...  
Nobody moves, nobody gets hurt...
