

CDB, Don't Stop

CDB

Glide With Me

Don't Stop

Don't stop, keep it goin now

Don't stop, don't stop just keep it gon now

Don't stop, just keep it going on

Brother I never knew that things would come our way

Thinkin about back in the day

The way we always used to say, don't cha know

Every day, I don't know why, but I'm thinkin' about yesterday

It's okay but I remember, I remember

(Chorus)

You better move quickly

Got no time to sit around

You better move quickly

Or else you're gonna go down

You gotta go your own way

Doin' whatcha like

Don't stop keep it goin on alright alright

Nobody said it's wrong doing what you like

As long as you're strong they can't mess

With the dream that's in your mind

Every day I don't know why but I'm thinkin' about yesterday

It's okay, but I remember, I remember

(Repeat Chorus)

Hey ya don't stop!

No ya don't quit!

Hey ya don't stop!

(Rap)

See now ya never can know what can happen next

So I wrecks and cash cheques and then wonder who's next

I try and do everything I can but there's always some man

Trying to destroy the plan, damn!

So don't stop just keep with the flow

And let them all know you will never stop the show YO

Haven't you heard the word about the kids 'round town

Rollin with the sound that makes you get down

(Repeat Chorus until end)
