

CDB, Hook Me Up

CDB

Glide With Me

Hook Me Up

Wanna getta to know you, wanna spend a night or two

Girl you get me freaky, thinkin 'bout the things you do

Oh girl I need you to understand

that I'm not your average man

CHORUS

Just a friend is not enough

Hook me up with your love

Things are gonna work out right

Hook me up with your love

All these crazy love affairs

girl you know they never last

A girl like you needs love, care and tenderness

Girl you need lovin you know it and

I'm not your average man oh girl

Chorus X 2

Girl you need loving, you know it and

I'm not your average man believe me

I'm gonna love ya love ya love ya like no other

Chorus until end
