One two three four

One two three four

You turned out to be just a little cynical

Impolite and, oh, most of all

You can swear

My girl, everywhere you go I'll be

Ana Nomaly

You have proved to be just a little difficult

Had me amazed, messed up for days

You've got the mood swings of a small volcano

My sweettooth, what is it with you

And me, Ana Nomaly

If you go, stay out of the flow

With me, Ana Nomaly

Ana Nomaly, Ana Nomaly, Ana Nomaly

Ana Nomaly, Ana Nomaly, Ana Nomaly

Life turned out to be just a little difficult

Impolite and, oh most of all, so unfair

My girl, you are everywhere

I see, Ana Nomaly

In delight, gonna be alright

With me, Ana Nomaly
