

CeCe Peniston, Don't Know What To Do

CeCe Peniston

Miscellaneous

Don't Know What To Do

CHORUS:

I don't know what to do

Cause I'm still so into you

I know we said we were through

Don't know what to do

I don't know what to do

Cause I'm still so into you

And I know you feel it too

Don't know what to do

Said our goodbyes

We both agreed to just be friends

But there's something inside

That makes me think again

CHORUS

Pain's gone away

I can finally get it off my mind

But the minute I see your face

My emotions take over

Every part of me says one more time

CHORUS

BRIDGE:

I wish you would go far away

So I can get you out of my mind

If I continue to see you everyday

I'll want you by my side
