

# CeCe Peniston, We Got A Love Thang

CeCe Peniston

Miscellaneous

We Got A Love Thang

Can't stand it when you're away

Without a doubt,

You're the best thing that's happened to me

Yeah baby, and I just can't wait

To have you by my side

You know whenever you're around

A smile is all that you're gonna see

Cause you make me feel so good inside

And there is no doubt, yeah I'm satisfied

BRIDGE:

I know that I won't find a better love

I got a love that other girls dream of

CHORUS:

We got a love thang

Feels so good to me

This is our thang

That's how a love should be

We got a, we got a love

We got a, we got a love

We got a, that's how a love should be

I used to be lonely

Cause I couldn't find someone

That I could call my own

Oh no, suddenly you stepped in my life

Now you're here with me and

All my lonely days are gone

I don't know if it's wrong or right

But it's better than a lonely night
