

# CeCe Winans, Bring Back The Days

A time of innocence and love  
Could we go back to how it was?  
I remember when life was so simple  
You did or you didn't  
You would or you wouldn't  
But it ain't like that anymore  
I remember when life was so easy  
People said what they meant  
They were either for it or against  
But it ain't like that anymore  
Somewhere we lost the score  
Bring back the days of yea and nay  
When we could plainly see the way  
Then it was up to us to choose  
Whether to win or to lose  
Bring back the times when we could see  
What it was we were to be  
Caught in the midst of complexity  
We search for yea and nay  
I remember when life was so simple  
Parents were a light  
Through them, we saw what was right  
But it ain't like that anymore  
I remember when life was so easy  
Boys grew into men, little girls to women then  
But it ain't like that anymore  
Somewhere we lost the score  
Bring back the days of yea and nay  
When we could plainly see the way  
Then it was up to us to choose  
Whether to win or to lose  
Bring back the times when we could see  
What it was we were to be  
Caught in the midst of complexity  
We search for yea and nay  
We knew where we belonged  
What was right and what was wrong  
Bring back the days of yea and nay  
When we could plainly see the way  
Then it was up to us to choose  
Whether to win or to lose  
Bring back the times when we could see  
What it was we were to be  
Caught in the midst of complexity  
We search for yea and nay  
Need a simple yes or no  
Should I stay or should I go  
Life has become so advanced  
Wish I had a second chance  
To go back if I could  
See what was bad and what was good  
Now I'm here and what I fear  
Is, we won't find yea or nay
