

CeCe Winans, I'll Live For You

You gave me unmerited favor, indescribable peace
And every morning, new mercies I see
Great is Your faithfulness
Great is Your love towards me
You bear all my cares and nothing compares You're everything (to me)
Through the storms of life for us, it's Your love that makes it alright
You said if we live for You there's nothing You would not do
So we come to You
So I will live my whole life for You all of my days
I will trust in Your power and Your holy name
I will love with my heart
And give You all the praise
I proclaim, I promise You
So I will live my whole life for You all of my days
I will trust in Your power
And Your holy name
I will love with my heart
And give You all the praise
I proclaim, I promise You, I proclaim Lord I'll live for You
And now it's my turn to offer You all I have
My heartfelt praise for the rest of my days
I'll lift Your name up high I'll tell the whole world
You bear all my cares and nothing compares, You're everything(to me)
Through the storms of life for us, it's Your love that makes it alright(It makes everything, alright)
You said if we live for You there is nothing You would not do
So we come to You
So I will live my whole life for You all of my days
I will trust in Your power and Your holy name
I will love with my heart
And give You all the praise
I proclaim, I promise You, I will live my whole life for You all of my days
I will trust in Your power and Your holy name
I will love with my heart
And give You all the praise
I proclaim, I promise You, I proclaim, Lord I'll live for You
You said I could call on You if I would live for You
You said You would see me through whenever I needed (You)
You said I could count on You if I would live for You
For Your love it never ends I hold on to Your promises
Repeat 3x
For Your love it never ends I hold on to Your promises repeat3x
I proclaim, Lord I'll live for You!
