

CeCe Winans, Pray

I know that you think you can't pray after that mistake
but I know it's the only way you can make it better
And I know situations get too much for you to take
and you feel like you're gone break and it makes you say

[Chorus]
I can't take it
When will things get better?
I'm so frustrated, but it's gonna be okay cause
you've got someone in your corner
Who's gonna be there for ya
Just fall on your knees, say a prayer and receive

When the world feels like it's on your shoulders (I pray, you pray, we pray)
When your life seems like it's upside down (I pray, you pray, we pray)
When your lonely nights are getting colder (I pray, you pray, we pray)
I pray, you pray no matter how dark the day

I know you think you've gone too far and you waited too late
But I know that He loves you and there's no love greater so
And I know that it's hurting and you want your pain to end
And you feel like you can't win and it makes you say

[Chorus]
Our Father which art in heaven
Hallowed be Thy name
All you gotta do is say
