

# Cecilio & Kapono, You And Me

Meet me tonight, under the moonlight  
I'll think of all the things that we can do  
And down by the seaside, we've nothing to hide  
For there we'll both be secretly alone  
You and me together  
Looking for good weather  
And we can make it last a long, long time  
Knowing that you're always by my side  
Can I take you home with me?  
I just can't imagine going home alone  
And I hope you don't think, you're just another  
Believe me when I say you'll come to stay  
You and me together  
Looking for good weather  
And we can make it last a long, long time  
Knowing that you're always by my side  
You and me together  
Looking for good weather  
And we can make it last a long, long time  
Knowing that you're always by my side  
Whisper softly, give me an answer  
Or need I only look into your eyes  
And I'll make you happy, you know that I'd gladly  
Give you all the love I have inside  
You and me together  
Looking for good weather  
And we can make it last a long, long time  
Knowing that you're always by my side  
You and me together  
Looking for good weather  
And we can make it last a long, long time  
Knowing that you're always by my side  
Knowing that you're always by my side  
Knowing that you're always by my side  
Knowing that you're always by my side
